Our Sen. Warren Is The Ultimate White Supremacist And "Communist Apparatchik"¹

Dear Sen. Elizabeth Warren,

Dear Rachael S. Rollins, U.S. Attorney,

Dear Maura Healey, Mass. Attorney General,

*Disclosure: This open letter is a published affidavit on the obsessive retaliatory "seek work" orders of a Family Court. I have applied to 300+ jobs so far in full compliance. As I am now a forcedly indigent whistleblower, my in-arrears obligations to my children have reached \$280,000+ (see "[Sadistic Family Court Using Children To Conceal Systemic Due Process Violations](#)" letter to the U.S. Congress). The "activist" Family Court intends to force me into a "to silence and enslave" trap, deliberately set to incarcerate me at last. While I will unconditionally **accept any employment offers**, hiring me would also cause my immediate sentencing. The Family Court has prepared the orders to garnish all my wages.*

I am a proud U.S. citizen and a political immigrant from a former communist tyranny. Therefore, I have repeatedly stated in my 500+ open letters to state and federal government officials that I have no interest in politics, nor in any "activism," protests, resistance, etc. I specifically have no political "identities," I am not "left" or "right," and neither conservative nor progressive ideals or agendas affect or drive me.

More importantly, I am a man and a loving father who admittedly never had the curiosity, and neither the desires nor any delusions, of being someone else. While I firmly know and believe that I cannot get pregnant, this never resulted in an ambition on my part to control anyone else's pregnancy in any way.

According to the "men get pregnant" [Congressional hearing](#), Americans can now identify as "supermen" (i.e., people who can decide on an emotional whim to stop their testosterone shots and get pregnant).

¹ Emailed only via Elizabeth_Warren@warren.senate.gov and ago@state.ma.us due to forced indigency.

With rightful anti-discrimination policies, anyone belonging to a “protected class” enjoys advantageous legal attention. Understandably, being pregnant is a *de facto* membership in such a class. Therefore, a pregnant and “protected” superman can also get an abortion on an emotional whim and at any time.

Current activism also holds that any masculinity is “toxic” and must be invalidated/eradicated, leading to due inconsistency. Any law treating these “emotionally disturbed” or opportunistic supermen the same as women with genuine family/motherhood dreams would therefore be discriminatory from the start.

Obviously, “a person who was born male and is living as a man cannot get pregnant,” and the above doesn’t apply. Men identifying as women, etc., are also a separate issue. However, it is advantageous for whites to pretend sometimes to be non-whites with the current “everything is now racist” activism.

As non-whites cannot pretend to be whites, the therefore chameleon-like superman status is only possible, or most effective and profitable, for unscrupulous, or perhaps “nasty” white women. “Nasty” white women can be Cherokees, “nasty” white women can disturb our toddlers with “sneaky” BLM messages, and “nasty” white women can become the “above them all” supermen, but Cherokees cannot ever be white, blacks cannot ever lead whites with any BLM messages, and ordinary simple men cannot ever be protected with “a pregnancy on an emotional whim”. This is **white supremacy** by definition.

As abortion in this “men can get pregnant” context has nothing to do with genuine “women’s bodies,” Sen. Elizabeth Warren’s publicized incitement against the U.S. Supreme Court and our current American rule of the law is the ultimate “white supremacist insurrection” (e.g. *“This far-right, extremist Supreme Court doesn’t care if Americans suffer; they are hellbent on imposing their views on all of us,” “But these extremist justices on the Supreme Court want to send us back to those dark days and take away women’s rights to control their own futures,” “The Supreme Court does not get the last word,”* etc.).

The basis of communism is the Marxist “Critical Theory,” an emotionally predatory doctrine or a theory as critical insofar as it seeks “to liberate human beings from the circumstances that enslave them.” And the basis of tyranny is the practice of fabricating negligible “protected classes” of minorities that a tyrant then leverages to frighten and enslave the majority of society. The significant difference between a communist tyranny (that I experienced) and the U.S. is the **consistent** application of the rule of law.

Communism works by endlessly provoking and massively invalidating society with infuriating lies and then publicly silencing and enslaving those who dare to have an opinion. Despite relentless bullying, discrimination, and retaliation against a whistleblower, I have documented in state and federal court² that the Family Court has been engaging in racketeering. Driven by obligations to “churn” child support orders for maximized federal reimbursements, they specifically **targeted our innocent children**. Dear Sen. Warren, when does the alleged and now substantiated feminist “activist Mafia” cross your red line?

Respectfully,
/s/ Imre Kifor³, Pro Se

Sadistic Family Court Using Children To Conceal Systemic Due Process Violations

Dear Respected Madam U.S. Senate President Harris,

Dear Respected U.S. Senators,

Dear Respected U.S. Congress,

I started my now ~500 sent open letters (see <https://femfas.net>) in 2018 with my pleading to our **Sen. Elizabeth Warren**, *"I would like to ask you to please consider this a women's issue. As per the Inker/Otis 'win-win' strategy, the mothers have been seemingly forced by predators to systemically incriminate themselves. Can one imagine a sane conclusion to a superstar 'feminist' 400 times GAL from Harvard reporting to Court 'mother either lacks affect or was bullied into abandoning her 3.5 yo twins'?"*

Our senior "Fight For Middle Class Families" senator simply ignored all of my "toxic masculine" cries and, while her watching my in-arrears child supports/expenses skyrocket from \$0 in 2018 to \$270,000+ today, she also silently allowed our Family Court's forcefully appointed "elite sicarios," the million-dollar **white male lawyers/partners** of the nation's "Best Law Firms," to openly bully a just starting female judge into collusion with systemic & deliberate subornation of perjury on our tortured children.

On January 2, 2022, I reached out again: *"It is easy to obsess about something intangible and uselessly unprovable, and it is also a political 'genius' to publicly attack the world's richest person with something that he can immediately refute. Yet, our Dear Sen. Warren just keeps ignoring to most vile greed of all: by a state government in her own state focused on maximizing federal [child support] reimbursements through falsified records, fraud, defamation, discrimination, and slavery, while also deliberately preying on our innocent Massachusetts children. Will you pay attention Sen. Warren?"*

As I have now documented it to the Mass. Supreme Judicial Court (see SJC-13263), open discrimination (for astronomical profits) and then a conspiracy to silence and to enslave was the alleged objective of our "activist" Family Court. And to preemptively eliminate my whistleblower voices, "reasons" to prey on my endlessly tortured children were fabricated while forcefully separating and fully alienating them

from their loving father. As an indigent defendant, I was also sentenced to jail for not having \$255 just a day after my **“Is Mass. Chief Justice leveraging, torturing and abusing innocent children?”** letter.

I am a proud US citizen and a legal immigrant of 36 years, a political refugee. Based on my personal experience with totalitarian (specifically communist) tyrannies, I can now point to a key aspect of our democracy: it provides to all a cherished opportunity to correct mistakes. As a software engineer, I am also intrigued by the genius and the also elegant consistency of our “rule of the law.” In this context, the dogmatic Soviet-style “the state and judges have absolute immunity” is not as hopelessly predetermined.

Being able to correct mistakes has always been the genuine “privilege.” An illegal immigrant’s mistake should not be correctable (see recent SCOTUS deportation). But Sen. Warren making obvious repeated mistakes regarding her race, and now even her own sex, only seems innocent. She has always ran on the “women” platform: *“Nasty women are tough. Nasty women are smart. And nasty women vote... we nasty women are going to march our nasty feet to cast our nasty votes to get you out of our lives forever.”*

Yet suddenly, after deceiving Mass. women for decades, she gets to correct that “mistake” by getting conveniently confused about what a “woman” truly is, despite the opposite “white male” being clearly codified in our Mass. Equal Rights Act. Throwing women under the bus, along with all her LGBTQ+ victims, as the applauded **“men get pregnant”** delusion sweeps the US, is the toxic “white privilege.”

If I ever felt that I could not live anymore with my inability to get pregnant, and through endless medical bills I became a “pregnant man,” by also compromising my immune system for the next pandemic, my most important objective would be to ensure that nobody categorized me “pregnant, but still just a man.”

I find Sen. Warren’s opportunistic characterization of immigrants as “dreamers” deeply degrading. With delusional dreaming, one simply cannot survive as an “alien.” Consistency is the only secret for survival for both immigrants and also our democratic rule of the law. As an eternally punished and now homeless whistleblower, who has none of Sen. Warren’s “white privilege” to act wildly inconsistently, I must find safety in the projected reliability of “judges have absolute immunity,” **provided they have jurisdiction.**

The crux of my cases against my state and its Family Court is that judges without appellate jurisdiction banned and **sabotaged my attempts to appeal for years on end**, after violating my due process rights. Fabricating false contempt actions, to wear me down through attrition, then led to my homelessness.

As the survival of the rule of the law lies in its ability to **correct mistakes in a consistent manner**, i.e. through the appeals process open to anyone, and in light of the current “confused feminist” effort to delegitimize exactly these “appeals processes” (by openly destroying trust in our higher courts, see the Soviet courts where the top was a mere political entity), I respectfully request a waiver for my state’s sovereign immunity, as it claims that “the state and judges have absolute immunity” without conditions.

Respectfully,
/s/ Imre Kifor¹, Pro Se
