Dear Respected AI Technology Investors (in company alphabetical order),

### **AI Software To Protect Forcefully Separated American Children**

“Conflict is opportunity.” Excruciatingly painful conflict, that a loving, but divorcing parent is forced to endure these days must then be the “golden opportunity.” Apparently, it is.

And it also is a ~\$50B “Divorce Industry,” exclusively benefitting the lawyers and their “feeder network,” while untouchable for anyone else. But it seems ready to be disrupted. And rolled back up for damages.

I found myself in the middle of the most horrific, paralyzing personal terror while poring over all those “motions,” “reports,” “orders,” etc. My analytical mind tried to calm my unbearable anxiety: “no doubt, it is a problem... and there must be a solution.”

And there is: I call it a “conflict graph.” I mapped a 400 times Harvard “superstar” GAL’s (Guardian ad Litem) maliciously manipulative, massive documents during the absolute darkest days of my life, and I was able to create a 100+ pages-long affidavit with 900+ errors listed. And any of the “errors,” when viewed, could be instantly verified as plain textual inconsistencies.

I am also an entrepreneur, most comfortable with my laptop in my lap, and my servers humming nearby. As a mathematician, I have also been fascinated with “deep learning,” as truly practical, massive optimization, suddenly at our fingertips.

Considering the context of this email, and that the entire Cambridge Family Court is fully intent of silencing me for good, I have no choice but to keep going as fast as I possibly can. State-of-the-art NLP (Natural Language Processing), Harvard Law Caselaw dataset, expertise in generating multi-dimensional reports, and the now in-the-works graphing subsystem will allow me to prove my case in Court, **and to help my children.**

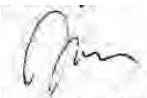

Just a hundred pages of Court orders yielded 1,200+ “errors,” or surely embarrassing purely textual inconsistencies. Slicing the evidence into thematic “quick narratives” (hence <https://qnarre.com>), gave me a short, three pages long quantitate pivot table with intuitive drill-downs for visual verification. In a month or so, the visual “grid” will be joined by a visual “graph” as well.

One needs a “map” through all the “evidence” to win the case, or to refute the malicious allegations. Finding the hyped “fake reporting” is ever elusive. Pointing out quantifiable inconsistencies while visually mapping conflicts, especially in large texts, builds trust and confidence.

I know where to go, I know how to get there, and we have been doing it sustainably, for tightly controlled cost. It is time to scale up, however. Someone will crack this unchartered, virgin market soon. We want to be there first. And we are ready to raise funds.

Thank you in advance. We will be rolling out our new websites soon and our “full stack” **qnarre app** will start to come alive in December. Our role model? Grammarly.com... with graphs and conflict management for everyone.

Respectfully,

Dear Respected Rachael S. Rollins, U.S. Attorney,  
Dear Respected Commission Against Discrimination (MCAD),  
Dear Respected Geoffrey E. Snyder, Commissioner, MA DOR,

As a former political immigrant and a now proud U.S. citizen, I vigorously applaud our national efforts to diversify. And, as a loving father, I even desperately noted to our U.S. Attorney General that *"Yet, my children, and millions of other American-born and forcefully 'single parented' children, are deliberately, systemically, and institutionally denied the same vital ingredients, i.e. **sheltered diversity**,"* see attached.

U.S. Supreme Court nominee Ketanji Brown Jackson testified just days ago in the U.S. Senate: *"Can I provide a definition [for the word 'woman']? No... I can't... I'm not a biologist."* In our Massachusetts, however, no judge would have been able to consistently claim such a shockingly contrived and purely dishonest excuse, considering the significant and decades-long effort of the rightful feminist movement.

As per M.G.L.c. 93, § 102 (a), *"All persons within the commonwealth, regardless of sex, race, color, creed or national origin, shall have ... the same rights enjoyed by white male citizens..."*, and thus any valid, non-biological definition for "woman" could start with a simple "at least **NOT a white male**."

The crucial difference from 42 U.S.C. § 1981 (that refers to only "white citizens") is quickly established in Massachusetts by Thurdin v. SEI Boston, LLC, 452 Mass. 436 (Mass. 2008), i.e. *"A Superior Court judge erred in dismissing a civil action alleging gender and pregnancy discrimination under the Mass. Equal Rights Act [MERA], G.L.c. 93, § 102..."* Specifically, as no white males in Massachusetts have ever been known to be pregnant, hence obviously no MERA employment protection can apply to them.

While in general law the informal "protected classes" (e.g. non-white-male, or specifically pregnancy-related "Mothers" groups) are *de facto* minorities, in family law "motherhood" is the norm and absolute defining majority. Any such abrupt inversion of contexts in law causes the creation of legal loopholes (i.e. a symmetrical protection from the thus suddenly controlling "Mothers" doesn't exist in family law).

These complaints, along with my herein attached just submitted Supreme Judicial Court, Superior Court, and MCAD filings, specifically document the Middlesex Probate & Family Court's (and also the state's) apparently deliberate and child-predatory "**Conspiracy To Silence And To Enslave**" based on the thus claimed racist, sexist and also unconstitutional loophole in our general laws, as applied to family courts.

The 3 paragraph essentials of my desperate complaints are as follows: the two mothers of my 4 children (a millionaire Whole Foods cashier ex-wife and an educated but penniless ex-fiancée) have a history of deep & intractable jealousy and a ruthless, bitter competition. 11 years ago they initiated a premeditated child-predatory "coup" against this (then full-time physical custodian) father caring for his 7 yo twins.

The mothers' systemic lying to the police, DCF, GALs, and the courts was then covered up by Family Court by allowing documented subornations of perjuries in the forcefully separated parallel cases. By deliberately and routinely violating the MERA right of fathers to "give evidence," the Family Court enforced a fabricated and child-abusive QAnon-style re-interpretation of the events (including medical torturing and brainwashing of children across state boundaries), while also falsifying the docket entries for maximized federal child-support reimbursement purposes. These divide-and-conquer-style activities continue, as the MA DOR still slices a jailed father's now **\$260,000+** in-arrears child supports/expenses.

Understanding the ramifications of a white male "legal oligarch's" (the "Father of Divorce Law" Atty. Monroe Inker's) explanations on how to extort astronomical profits from fellow white Massachusetts males, by leveraging a loving father's dear children in the name of insinuated "feminism," I have now filed extensive evidence regarding the child-predatory practices of the mostly white male "elite sicarios" from **Burns & Levinson, Todd & Weld, Prince Lobel Tye**, etc. to bully a now all female Family Court.

There is no federal anti-feminist "gender confusion" in Massachusetts, as all "white males" (i.e. the able, capable, and hence still not capitulated loving fathers) are fully **unprotected targets** for these "million-dollar" mostly white male elite lawyers/partners of the nation's "Best Law Firms." They operate with impunity from behind the armor of sovereign and absolute immunities of our Family Courts, they falsely promise "feminist" riches to incriminated mothers, and they suborn perjury on our innocent children.

Without abilities to mount discrimination suits by "white males" in Massachusetts, the only remedy left for such a father to defend himself and his deliberately leveraged children against fabricated activist "feminist realities" is to appeal a Family Court's compromised decisions. Therefore, the fundamental evidence in these filings is the proof of the Family Court's deliberate actions (starting in 2014 and still ongoing) to **sabotage all efforts to appeal** the judgments. Without any appeals allowed, as inspired by the Marxist "Critical Theory," the Family Court is unshackled from the "rule of state and federal law."

Respectfully,

## **AI Software To Protect Our Children From A Child-Predatory And Sadistic State Government**

Dear Respected Honorable Chief Justices,

I have repeatedly stated in countless open letters to public officials that I and my families, my four dear children, have been cruelly targeted and abused in a seemingly systemic and ruthlessly institutionalized extortion scheme, directly using the children as hapless hostages in fabricated “high-conflict” lawsuits.

For the last 4 years I have been subjected to a most sadistic crusade<sup>1</sup> by the Middlesex Probate and Family Court with the objective to massively invalidate me, to silence me, to rob me of all my rights and liberties, and to **forever steal my children** through fraud, deception, defamation, suborned perjury (even on children), systemic discriminations and a blatant conspiracy to leverage the parallel cases against me.

Why would the Family Court so desperately protect the contradicting disarray of sadistically child-abusive “family” judgments? Sen. Elizabeth Warren’s often referred to Harvard University (see my open letters to the Senator) is at the core of the problems: a 400 times “superstar” GAL, a megalomaniac child predator **Harvard psychologist, Dr. Robin M. Deutsch, Ph.D.**, brutally fabricated one of her signature “high-conflict” cases for us by brazenly lying under oath about pretty much every detail of her \$50,000+ GAL investigations, all on Harvard Medical School and Mass. General Hospital letterheads. And, as per her dreadful “feeder network,” she pulled in other Harvard psychologists, adding up to a total of 1,500+ potentially tainted MA GAL cases combined, that span the wealthiest divorced families around Boston.

- 8/1/2021 CJC complaint, 8/1/2021 & 8/12/2021 AGO complaints and 12/6/2021 MCAD and OCR complaints.

As I have meticulously documented the GALs' deeply child-abusive shenanigans through properly filed motions to vacate her, accompanied by a 100+ pages affidavit listing 900+ verifiable malicious errors of the **“predatory feminist”** professionals, the Family Court's actions of forcefully avoiding any evidence of wrongdoing is unsurprising. As “superstar” GALs, like Dr. Deutsch, enjoy unconditional & unlimited immunity in our courts, it is practically impossible to ever directly question their malicious actions. No wonder Dr. Deutsch had been treated like an “emperor” by all professionals (see court-filed evidence).

A striking example is personally experiencing a leading attorney's ethically contradicting conduct: a) she first stating to me “Dr. Deutsch was clearly lying under oath,” after masterfully deposing the doctor, and b) then demanding \$1,000,000+ from me to “properly prove you right” during a thus abusive “churned” trial. The attorney was “Chair, Divorce & Family” at Boston's most prestigious **Burns & Levinson** firm.

Considering this enormous profiteering pressure at the expense of innocent children, it is not surprising that the Family Court allowed, and even forcefully appointed, more “high-conflict” specialists, i.e. million-dollar lawyers/partners, from “The Best Law Firms” like **Prince Lobel** and **Todd & Weld**. As an isolated, i.e. under implied house arrest, layman and indigent father, I had thus been forced to face the Family Court's “elite sicarios,” like Atty. Xavier, the \$525/hour “trusted” officers acting with impunity.

I am a now 60 years old, but still an active, enthusiastic and productive software engineer, who has no fear to keep up with the relentlessly changing technologies. I have maintained my focus through these difficult years, and by leveraging my background in mathematics, I have followed the developments in “deep learning” NLP (natural language processing) with a concentration on “case law.” As per my current court orders, stipulating a 5/6/2022 deadline, I will now be in a position to steadily update my above necessarily stale web sites from my development repositories at <https://github.com/quantapix>.

The Family Court also ordered me to apply for 10 jobs a week. Having worked with computers only for the last 30+ years, I can plausibly engage in either unskilled physical labor or highly skilled software development. None of my therefore forced applications for physical labor have been successful as I have been left with no current means to physically transport myself without assistance (see court filings).

I started my current company, Quantapix, Inc., in 2011. Therefore, I am a *de facto* full-time “employee.” My company is ready to accept 1099 software contracts, and can return to doing regular payrolls and to providing insurances on short notice. I don't believe it is realistic for me to expect full-time job offers.

As I have been dealing with the Courts, the law and related state-of-the-art software for years now, on a full-time basis, I believe that I could professionally help the Courts in implementing their vision re: new technologies. I therefore respectfully offer my trained and skilled services as per my “seek work” orders.

Dear Imre,

Thank you for taking the time to share your thoughts with me. Hearing from passionate individuals like you inspires me every day, and I welcome the opportunity to respond to your letter.

Our country faces many challenges, and the road we will travel together will be one of the most difficult in our history. Despite these tough times, I have never been more optimistic for the future of America. I believe we are better positioned than any country in the world to lead in the 21st century not just by the example of our power but by the power of our example.

While we may not always agree on how to solve every issue, I pledge to be a President for all Americans. I am confident that we can work together to find common ground to make America a more just, prosperous, and secure Nation.

As we move forward to address the complex issues of our time, I encourage you to remain an active participant in helping write the next great chapter of the American story. We need your courage and dedication at this critical time, and we must meet

this moment together as the United States of America. If we do that, I believe that our best days still lie ahead.

Sincerely,

### **Sadistic Family Court Using Children To Conceal Systemic Due Process Violations**

Dear Respected Hon. Merrick B. Garland, US Attorney General,  
Dear Respected Hon. Nathaniel R. Mendell and Hon. David L. Jaffe,

I continue to write my countless open letters out of sheer desperation (see attached). While I have no interest in politics, nor in any sort of activism, I was still drawn to the confident remark, “Senator, I’m a pretty good judge of what an antisemite is.” Referring to the rest of the insightful “Merrick Garland held back tears” article (see links below) I admit, once I was a “child of the revolution,” a forced believer. I grew up to resist the lure of revolutions since then. My bag of “identities” is hence deliberately empty.

I still find the emotionally charged, but eloquent response “I come from a family where my grandparents fled antisemitism and persecution,” and “using his family history leaving Russia’s Pale of Settlement” to “confronting hate and discrimination” inspiring. As I proudly have no identities left, other than “just an another Eastern-European immigrant fleeing persecution,” I instinctively focus on the candidly projected inherent resiliency. Our US AG is clear: his erudite success comes from his family’s sheltering diversity.

Yet, my children, and millions of other American-born and forcefully “single parented” children, are deliberately, systemically, and institutionally denied the same vital ingredients, i.e. **sheltered diversity**.

I will now attempt to abstract from all unnecessary details and focus on the crucial opposite: punitive mono-culture. Starting with the quintessential Russian “Pale of Settlement,” it is by definition the brutal punishment of a “different” group of people. This more general, devoid of any religion, characterization still applies since the same region brutally punished another group of thus conveniently different people, at virtually the same time, during the much less publicized Holodomor or “Great Famine” socialist act.

My beloved “expert therapist,” Dr. Bursztajn MD, a Harvard Medical School psychiatry professor and respected Holocaust researcher, also focuses on the “resiliency of the survivors.” While our children are deliberately and cynically manipulated these days to “heroically” (i.e. blindly) “resist” oppressors, our sincere role-models advise exactly the opposite: had a jew, gypsy, or any “enemy,” openly resisted the Nazi’s orders in Eastern-Europe, they would “have killed him on the spot or thrown him onto the train.”

This convergence of the now conveniently banned, so that it can be **openly repeated**, “white history” is not an accident. In that same geographic region, Hegel, Marx, etc. had already observed the “laws of power,” or the conflicts of social forces, before any tyrant, like Hitler, Stalin, Ceausescu, etc. could callously take advantage of the easily malleable and ruthlessly weaponizable “Marxist” Critical Theory.

The recipe is simple, provoke the enemy to “resist” inherently unfair treatment and the then reinterpreted “attack” on a hence protected mono-culture becomes a justified cause for swift punishments. The Nazis deliberately titled the camps “Arbeit Macht Frei,” as anyone resisting “work” would be violating “their” entire society. Or the Communists, while appointing only activist but incompetent managers, promptly punished any dissent from the disastrous “central” plans for everything, as direct attacks on all workers.

Our “Father of Modern Divorce Law,” Atty. Monroe Inker, proudly exclaimed to me that, “they were onto something,” after visiting Vietnam. As evidenced in countless cases, he successfully injected a plagiarized and obscenely lucrative **“critical feminist theory”** into our family law. In this ultimate battleground of unbounded greed, the elite white male sociopaths of our society, the “million dollar” lawyers (see open letter to Gov. Baker et al.), are ever eager to fabricate child-predatory high-conflicts.

The patterns are becoming visibly obvious across the board, as the elite male **sociopath lawyers’** only credible opponents in our modern “tanning” society are the still dedicated males. The former callously leverage fake “feminism,” race, economy, etc. to effectively destroy the later’s sons’ only chance for survival: that very sheltered diversity that our true leaders are so emotionally reliant on and proud of.

Unlike most destroyed American fathers, I am the outspoken (barely) survivor of viciously false rape and countless other stereotypical male (like “structured thinking”) abuse allegations. As such, I owe to my children to call on US Rep. Ocasio-Cortez to withdraw her malicious insinuations of the entire male “race” (as a black woman is a lot less different from a white one than a white man) being outright rapist. There have been less reported rapes in Texas in 2019 than incapacitating accidents, and therefore also children’s issues (e.g. abortion) need to be “solved” without abusive “toxic masculinity” generalizations.

Due to allowed repeated subornation of perjuries, the “feminist” Family Court named in my lawsuits has knowingly conspired with forcefully medicating, needlessly operating on, brainwashing, etc. my “stolen children,” out-of-state. Documenting the **extreme “environmental” damage** of the now politically so desirable “mono-culture” families’ (see Secy. Buttigieg’s babies), my eternally abused IVF twins started their lives as triplets. I then personally witnessed a Mass. General doctor drive the foot-long needle of a syringe with laser-precision into the visibly beating heart of my perfectly viable and happily fidgeting several months-old fetus. The doctor had coldly requested us, the parents, **to pick one out of the three...**

While I am relentlessly fighting my own David & Goliath existential struggle against the most lawless institutions of this land, I call on our forthright leaders to protect our children’s sheltered diversity, and, while also protecting our Constitutions, order investigations into the acts of “trusted” child-predators.

Respectfully,  
/s/ Imre Kifor<sup>1</sup>, Pro Se

### **Sadistic Family Court Using Children To Conceal Systemic Due Process Violations**

Dear Respected Governor Charles D. Baker,  
Dear Respected Chief Justice, Hon. Kimberly S. Budd,  
Dear Respected Chief Justice, Hon. Mark V. Green,

I am writing to you again about the officially allowed conduct and established practices I continue to personally experience in the Middlesex Probate & Family Court. I mailed my first open letter about this subject on 6/30/2017. Since then I have published an endless stream of hundreds of complaints to our officials. In fact, I reached out to our Attorney General's Office (AGO) over 42 times. However, the sad status quo has not changed whatsoever. In-arrears (stolen!) child supports are now at **\$225,000+** and the number of times I have attempted to contact my dear children, since a banning court order, is at **1,164**.

Nevertheless, I have no intentions to abuse your kind patience with my mundane personal gripes that our well established institutions are purposefully created to routinely handle. In fact, following the real-time discovery of how maliciously fabricated and child-predatory **"high-conflict"** frauds are purposefully metastasized from the Family Court to, for example, the Superior Court, I have now been able to docket the matters in our Appeals Court. Subsequently, I have also managed to pre-file my own appeals Brief.

Moreover, as the essential core of all my long-term struggles exclusively revolve around meticulously documented stereotypical due process violations by the Family Court, I have also properly filed my civil rights violations complaint in the Superior Court. The lawsuit has been active since 4/24/2021 and, as my attached current filings show, it has been vigorously prosecuted. In fact, with the AGO's significant invested effort, the \$8M+ "layman" lawsuit has apparently put the revengeful Family Court on notice.

The Middlesex Sheriff served my summons on the Family Court on 6/2/2021. Starting on 6/4/2021, the Family Court has been issuing incoherent, punitive orders on me based on fully documented deliberate fabrications. Having obtained verifiable proof of the thus allowed systemic and sadistic **subornation of perjury on children**, I carefully approached the new parallel hearings in Family Court on 6/23/2021. Drawing from my extensive experience with tyrannical communist governments, specifically of abusing children to persecute their parents, my primary objective had been to protect my children at all costs.

Primed by that time with a ready to serve contempt to silence me for good by unjustly throwing me in jail once again, the Family Court apparently felt reassured when I refused to betray my children. I had to save my loved ones from more cruel “waterboarding” interrogations by the court’s “trusted” attorneys. Next day, the court promptly dismissed my complaints, only to forcefully wipe clean the systemic fraud-infested slates. The serving of a child-predatory **fraudulent contempt** on me was allowed on 7/14/2021.

As I had been prepared and ready for this predictable stereotypical trick, i.e. of using one’s children to trap any emotional parent, my fully documented and easily verifiable response to the freshly recast false contempt was immediate (see attached affidavits). The rapid developments, including Family Court’s thus continued stubborn refusal to investigate “trusted” attorneys, as per my fully evidenced **“Family Court’s ‘Elite Sicarios’ Playing Sadistic Games On Our Children”** allegations, left a confusing paper trail that later exposed the Family Court’s coordinated horrid objectives and child-predatory practices.

One can be easily misled by any hasty “feminist activism” depiction of a just sworn-in female judge’s complete disregard for a father’s due process rights during her first hearing in her very first case (i.e. I personally witnessed the seal being broken on the doors of her new courtroom on 4/24/2019). However, the “Feminism is Fascism” title of my websites have little to do with women, other than what everyone agrees to: women appear to be more prone to be bullied by men, and thus need extra explicit protection.

Ever since the 2 mothers of my dear 4 children simultaneously took me to the Family Court in 2011, on fabricated false pretenses due to their unbearable feminine jealousy and selfish greed, the most powerful men, the **million-dollar narcissist sociopath partners** of Boston’s most elite law firms, orchestrated this endless tragedy played out in full public view. Started by Atty. Monroe Inker, the “Father of [the Progressive] Divorce Law,” these men have used the pretext of “feminist protection,” i.e. the plagiarized Marxist “critical theory,” to effectively dominate other men’s sons, while also profiting astronomically.

In most recent incarnations of this thus **officially endorsed child-predatory storybook**, Attys. Xavier et. al. and ARC Ronan blatantly bullied a brand new female family judge to quietly tolerate subornation of perjury on children on 4/24/2019, to ignore our Constitution on 6/6/2019, to order a forcedly indigent whistleblower father to jail for not having \$255 on 10/21/2019, etc. These elite “trusted” officers of the Family Court then easily compelled a Superior Court judge to silently close his eyes to systemic fraud on 10/14/2020, and then a family judge to promptly ignore and dismiss any oppositions on 6/24/2021.

The meticulously documented behind-the-scenes power of the elite, male-dominated “secret aristocracy” is so immense that even the official (i.e. submitted by the AGO to the Superior Court) Family Court “logs” and documents can be blatantly falsified, or conveniently manipulated, regardless of our children.

How can any resemblance of our **“rule of law”** maintained when even our Appeals Court will endorse violating one’s “right to appeal” based on falsified logs, while ignoring all opposing ample evidence?

### **Sadistic Family Court Using Children To Conceal Systemic Due Process Violations**

Dear Respected Register, Tara E. DeCristofaro, Esq.,

Dear Respected Hon. Howard V. Neff, III,

Dear Respected Hon. Maura Healey,

The first time I contacted the CJC regarding my troubling experiences with the Middlesex Probate & Family Court was on 11/3/2019. As the AGO later reassured me that the CJC was “*the agency with oversight of this matter*,” I then followed up my first complaint with additional details on 12/1/2019. However, the CJC invalidated me and promptly dismissed my complaints against two out of the three family judges on 12/12/2019. My last complaint against the third judge was dismissed on 3/12/2020.

In my complaints to the CJC, I had been referring to my earnest attempts to appeal the Family Court’s judgments. I could not have known that the Family Court would simply block all of my attempts to appeal. Accordingly, in the midst of the “appeal deception,” I desperately wrote my “*Communist ‘Secret Tribunals’: An Easy Answer To Uncomfortable Inconsistencies*” to the AGO and CJC on 7/13/2020.

As the documented **fraud schemes** openly allowed in the Family Court have not been addressed, they predictably metastasized themselves to the Middlesex Superior Court during a defamation hearing on 10/14/2020. With that real-time proof in my hands, I finally filed my complaint for violations of civil rights against the Family Court on 4/24/2021, (see Middlesex Superior Court Docket #2181CV00921).

I also once again turned to the CJC in my “*Renewed Complaints To Investigate Judges And Sanction Attorneys*” on 4/23/2021. However, I could not file actual CJC Complaints because the Family Court had effectively isolated me, without granting any hearings. The Superior Court then allowed me to appeal the above fraud-based judgment and I have now finally docketed my appeal (see Appeals Court Docket #2021-P-0503). Moreover, the Appeals Court seems to be open to my intentions to consolidate the appeals, including the also renewed Family Court appeals, and it granted an extension to 8/31/2021.

The AGO has twice requested delays for filing responses to my civil rights violations complaint against the Family Court. Therefore, the Family Court ultimately heard my cases on 6/23/2021. Predictably, the court also immediately dismissed the matters, once again in an inconsistent fashion. I then promptly filed notices of appeals. As the Family Court's past practices of ignoring all of my proper notices of appeals is apparently continuing, I filed motions in the Appeals Court to compel the assembly of record.

The recent sudden rush of activity by the Family Court also uncovered a slew of seeming "CJC" issues. The herein attached confidential CJC Complaint against a now **fourth** Family Court judge, along with my "*Plaintiff's Affidavit On Judicial Conduct Violations*," filed in the Superior Court on 8/2/2021, and other evidence submitted to the Appeals Court, will perhaps finally satisfy the CJC's criteria for action.

Also, a significant child-predatory development in the matters occurred on 7/14/2021 when the Family Court allowed the serving of yet another fraud-based complaint of "contempt" against me. With the apparent sole purpose of silencing me, the court once again retaliated by **threatening** me with jail sentences. I documented the events in my "*Affidavit On Sadistic Family Court Using Children To Conceal Systemic Due Process Violations*," filed on 7/19/2021 in the Superior Court (see above docket).

The US Supreme Court has recognized the right of parents to be an active and integral part of their children's lives as "*perhaps the oldest of the fundamental liberty interests recognized by [the Supreme] Court.*" *Troxel v. Granville*, 530 U.S. 57 (U.S. 2000). Also, a Fundamental right may only be limited when the government's interest in a matter of public importance outweighs the individual's right. The best such example is the government's interest in investigating and prosecuting child abuse cases.

When no such child abuse can possibly exist, yet the Family Court, for her own ruthless, self-protective "sovereign" interests, must still forcefully override a loving father's fundamental liberties, the only possible remedy is to routinely **fabricate evidence**. Growing up in communism, the land of limitless lies and lawless fabrications, I have acquired the needed defenses against such weaponized deceptions.

In fact, all of my previous complaints to the AGO, CJC, BBO, etc. have been pinpointing, at the time, to the key elements of the Family Court's deliberately fabricated fraud and nasty deceptions to forcefully dominate and effectively silence an easy layman prey, and also a "toxic masculine" former legal alien.

Specifically, to conceal the allowed deeply **child-predatory practices** of an elite "Harvard feminist," and a 400 times megalomaniac GAL of our courts, the Family Court forcefully appointed an (ARC) attorney to suborn perjury on deeply tortured children. And to then shamelessly fabricate an otherwise non-existent "child abuse"-frame to their needed order to ban a father from contacting his dear children.

Despite the **sadistic** Family Court orders, the terrified children still reached out to their father with their brave "*I love you Dad*" in the safety of the dark nights, just like in the tyrannical communism legends.

### **Activist “Gladiator Games” Are Sacrificing Our American Children In Family Court**

Dear Respected Attorney General, Hon. Merrick B. Garland,

Dear Respected Secretary, Hon. Xavier Becerra,

Dear Respected Secretary, Dr. Miguel Cardona,

Continuing my June 16 and November 3, 2019, and then August 13, 2020, open letters to the DOJ (see <https://femfas.net>), I desperately draw your attention once again to the malicious, child-abusive saga of a predatory “feminist” Family Court. The lawsuits have metastasized themselves to the other courts as well, as I am now ready to file my layman complaint for civil rights violations in the US District Court.

Looking back at my track record, with well over 200 motions filed through ~70 hearings and 350+ open letters to public officials and US senators, my sane expectations are still a sad “no” to the question of winning as much as a simple “consideration” for my layman efforts from any judge. Growing up as a hated minority in a communist tyranny, I have learned that I only need to somehow survive the so far 20 judges from 5 different courts, who have delayed, blocked, dismissed, denied, or ignored my pleadings.

To quickly recap, we are now at a combined 29 eager lawyers and 21 doctors having been “tapped” in this endless “legal monstrosity,” with a now documented ~\$8.1M in overall losses and damages, over a million dollars in “legal fees,” over 500 predatory “feminist” supervised visits by a loving father with his dear children (without a single complaint), forcefully medicated children by out-of-state doctors, forced “therapy” (brainwashing) of little children from across state lines, forced cancer surgery on a little boy solely for court purposes, a seeming health insurance fraud to cover things up, malicious and false allegations by “activist” public school teachers, vicious threats by public school superintendents, confirmed torturing “interrogations” of children by public school personnel, threats for arrest by the local health care provider (Atrius Health). Again, **all that with no committed violence whatsoever**.

The root cause of the intractable problems, and the astronomical profiteering potential of the shameful national ~\$50B “divorce industry,” stem from the “progressive” application of the most cruel and child-abusive “weaponized psychology” concepts of past communist regimes at creating fear and loathing.

As medical doctors swear to “do no harm,” mere monster “psychologists” are called upon to avoid the ethical and moral issues of guilt-prone, highly educated people. The last step for the “feminist” child-predator “Father of Modern Divorce Law” (see my filed affidavit on Mass. Atty. Monroe Inker), was to “rewrite” the laws and to strictly guard any such GALs. In fact, it was entirely impossible for me to question in any way the stereotypical activist “investigations” of Dr. Robin Deutsch, a former Harvard psychology professor and 400 times GAL, that lead to my 100+ pages filed affidavit on her 900+ errors.

The Family Court, that allowed the GAL to openly build her vast “feeder network” for astronomical profits, has also denied my requests to submit my exhibits and to call on my witnesses during my trials. To somehow silence this whistleblower, and to forcefully coverup the **systemic fraud-on-the-court**, the Family Court ordered me to get a “minimum wage” job with my licenses stripped, and then sentenced me to jail for not having \$255. All the while, the in arrears child supports have now reached **\$200,000+**.

Our initial conflict was never about the usual mother-father bickering, that our “progressive” justice system is so optimized to flawlessly exploit. It was instead caused by intractable jealousy and endless greed between two mothers: a millionaire without college, and a penniless, but educated woman. While “protecting” women from men, with routine and forever intractable fabricated “high conflicts,” and for astronomical “legal fees” in profits, is now trivial, how does our “justice” protect women from women?

It was proven in the Family Court, hearing after hearing, that regardless of whether a father was plaintiff or defendant, he was always assumed to be guilty and lying. The predatory “feminist” mantra, designed to be easily exploited by “million dollar” lawyers in the know, is the dogma that “women never lie.”

As with any dogma, this predictably led to two simultaneous judgments in the Family Court, about the same identical facts and events, that had over 1,200 easily verifiable textual contradictions. No justice system can effectively deal with that, once uncovered. The court obviously tried by forcefully awarding primary child support to the millionaire mother, while brutally stealing it from the penniless one, and reducing her support from \$342 to \$37 per child. When I “blew the whistle,” they threw me in jail.

The “Selection Effects On Dishonest Behavior” paper fittingly finds, *“In summary, the results suggest that people low in moral character are likely to eventually dominate cheating-enabling environments, where they then cheat extensively. Interventions trying to limit the preference of this environment may not have the expected effect as they could lead to the selection of the worst fraudsters.”*

### **Renewed Complaints To Investigate Judges And Sanction Attorneys**

Dear Respected Register, Tara E. DeCristofaro, Esq.,  
Dear Respected Hon. Howard V. Neff, III,  
Dear Office of the Bar Counsel,

In my July 13, 2020, letter to the CJC, I desperately pleaded, *“The family court dragged us through 18 idle hearings just recently, with over 60 hearings overall... Yet, the resulting facts point to different judges of the same court acting in diametrically opposing ways when considering identically same facts and people. One judge saying ‘no’ and the other saying ‘yes’ simply cannot be right at the same time.”*

The in arrears child supports have now reached **\$200,000+**, I still don’t have licenses (even that the MA DOR has stopped mailing the weekly unpaid statements months ago), my implicitly and fraudulently ordered years-long **house arrest** still continues, and I still don’t have connections with my dear children.

While my status quo has clearly not changed, I am still respectfully turning to you with a new complaint.

Since my previous letters, it has been revealed that the Middlesex Family Court simply ignored my properly and timely submitted 4 notices of appeals. More importantly, however, I finally have not just the theory, but also real-time, documented proof, from none else but the partners of the “Best Lawyers 2021,” of how a child-predatory ~\$50B “divorce industry” is even possible, a true national disgrace.

In my attached letters sent to Pres. Biden, Gov. Baker and our Chief Justices, I desperately observed, *“While prestigious Burns & Levinson attorneys, like Atty. Nardone, solemnly promise the desperate, invalidated fathers ‘relief upon trial’ for a million dollars, they also know that it would never matter. Just like with the above judgments, judges will write the first few rational ‘strict’ pages appeal-proof, and then load up the ‘storybooks’ with QAnon-style inconsistent disinformation, as lucrative ‘goodies’.”*

I continued with glaring textual contradictions in the judgments, *“A blatant example is Judge Gibson’s, ‘1. Husband is NOT GUILTY of Contempt...’ appeal-proof ‘strict’ conclusion vs. her ‘139. Therefore, the Court does find Father in contempt’ disinformation, all in the same document, in QAnon-style.”*

The relevant detail for now is, *“Proof of disinformation unconditionally trumping the appeal-proof conclusion is Judge Black’s ‘guilty’ judgment claiming on September 26, 2018, ‘The Court’s (Gibson, J.) Judgment, dated February 13, 2014, is clear and unequivocal.’ It didn’t matter how many times I had attempted to appeal the damaging inconsistencies, the Family Court flatly ignored all appeal notices.”*

In other words, no reasonable, sane person would ever call simultaneous “NOT GUILTY” and then “[is] guilty [of the same identical things]” verdicts “clear and unequivocal.” Why can Judge Black do so?

In my June 16, 2019, complaint to the Office of the Bar Counsel, I desperately wrote, *“With this formal complaint, backed by hundreds of pages of available written evidence, I would like to turn to you to perhaps investigate the conduct of Attys. Kathleen Foley (BBO 173600), Katie Lenihan (BBO 661599), Robin L. Nardone (BBO 638352), Nicholas Iannuzzi (BBO 55953), Mary Lacivita (BBO 648600) and Erin Harris (BBO 668150). I acknowledge that their... child abusive conduct... happened years ago.”*

Then I respectfully, but also desperately emphasized, *“The case of Attys. Gail Otis (BBO 636352), Michael Xavier (BBO 644844), Brittany Rehmer (BBO 693646) and John Ronan (BBO 659393) is different. These attorneys have been making intentionally false, systematically misleading, deceptively obstructing and existentially damaging oral and written statements to the Court just this year.”*

As my complaints revolve around my dear children **as cruelly used mere hostages and pawns** in this “war,” I continued, *“The most troubling is the case of the Court’s forcefully appointed ARC Atty. John Ronan for my older twins... Just to increase his ‘representing’ leverage to the Family Court, Ronan then blatantly misrepresents easily verifiable facts. He wrote: ‘the children stated how he didn’t call on the children’s birthday and they do not receive presents’. Yet, the attached ‘birthday email’ sent directly to Atty. Xavier, as direct emails to the mother and the children were prohibited, proves the exact opposite.”*

The response I received from the Office of the Bar Counsel, on July 3, 2019, is strikingly clear and viciously circular, *“A review of your correspondence indicates that this matter is not within our purview. The issues you raise should be decided in the first instance by the probate court where the matter is pending. If you raise your concerns in that forum and the court issues a finding that an attorney has engaged in improper conduct, please bring this matter to our attention again at that time.”*

While I am a penniless layman, and a desperately struggling, but also loving father, I still can put things together: a) the Middlesex Family Court deliberately allowed monster child-predator GALs (Dr. Deutsch et.al.) to **brutally fabricate child-abusive “high-conflict”** into hundreds of lucrative custody cases, b) by sheer “luck” and coincidence, I caught and documented her, and c) the court has been covering up the deeply damaging ramifications of the Harvard GAL’s, and the “feminist” Atty. Inker’s legacy ever since.

The Middlesex Family Court openly circumvented the clear rule-of-law by “virtualizing” its judgments. By effectively splitting them into “strict” and “everything goes” distinct parts, the judges and lawyers, or “trusted” officers, could then fabricate appeal-proof “parallel realities,” and churn the cases ad infinitum.

Always “protecting” children, the Family Court in fact **deliberately and sadistically abused** the hapless children, while also shielding the “million dollar” partner attorneys from investigations in a vicious self-

referential circle: the AGO, CJC, BBO, DOR, and the doctors, schools, as well as all the other courts, have been safely kept at a distance, with the Family Court even explicitly denying “outside” complaints.

With these meticulously documented and e-filed observations in hand, I hereby respectfully renew my complaints, once again. As my penniless status quo is fully intractable, I will have to continue doing so.

Washington, DC 20510

**Dear Sen. Warren: "Arbeit Macht Frei" (Nazi Auschwitz) - And PLEASE RESIGN**

This is my **14th** attempt to openly communicate with you regarding my and my four innocent children's dire "legal" situation and truly alarming years-long financial and emotional living conditions in your "progressive" state of today's Massachusetts. I have repeatedly stated to you in the past that I was a deeply apolitical, hard-working, and highly-educated legal immigrant from a former communist tyranny, accepted to the US for political reasons in 1986. As a "dreamer," who literally escaped to America with hope and ambitions, I fall squarely into that **"immigrants are ignorant"** category, that perhaps your students, the high-powered Harvard Law attorneys, seem to be targeting with greedy "feminist" delight.

Without repeating the contents of the countless letters and emails I sent you and other public officials, see <https://femfas.net> for snapshots and links, suffice it to say that I am a loving, caring and dedicated father. I also personally witnessed the Harvard Law attorney's, Monroe Inker's, deeply child abusive "schemes" at work. By citing the ruthless Inker's, the **"Father of Mass. Divorce Law's"** cruel edicts, our Appeals Court just recently denied again my desperate attempts to rectify this monstrous legal mess.

The Boston Globe wrote *"Monroe Inker, the man, is slight, stooped at the middle... In a half-century of mucking around in the slop of failed Mass. marriages, he's been called a "cobra," accused of being overly aggressive..."* As a little weak man with a superego and deep antisocial tendencies, the hallmarks of predatory "feminists", he was using gullible rich women to ambush other men, through their children.

As I wrote to you, I personally witnessed this monster facilitating the forceful "relocation" of a little boy through 7 school districts during his first 9 years of schooling. The "progressive" Inker "fought hard" for the **"liberty of women,"** i.e. enticing them to move again and again and again. With the eager collusion of our Family Courts, Inker made ~\$300K at the expense of that little boy, whose only fault was **crying in the dark, "I want my Daddy, I want my Daddy"**. His desperate father, driven into hopeless debt, finally gave up on his only son, as most stereotypical American men do, and moved to Florida for good.

Glancing at the news just last week, I read, *"I don't think that there should be any debates,"* Pelosi told reporters. *"I do not think that the president of the United States has comported himself in a way that anybody has any association with truth, evidence, data and facts... I think that he'll probably act in a*

way that is beneath the dignity of the presidency,” she said, citing what she called his “disgraceful” actions during the 2016 debates with former Sec. of State Hillary Clinton. Coincidentally, that seems to be the stance of the Cambridge Family Court as well: **no “debates” allowed**, e.g. any witnesses or any evidence supporting a father’s claims must be ignored, neglected, blocked, denied, rejected and banned.

Accordingly, I wrote to you 2 months ago regarding that disastrous Clinton debate (see online). Just as recent national reporting documents the origin of the “Romanian Orphans” once again, the “supreme top scientist” of that land, the “unschooled-peasant-to-Ph.D.-in-a-blink” hero, and most powerful wife of a dictator, **Dr. Elena Ceausescu, Ph.D.**, was the “Mother” of the strictest anti-abortion laws of humanity.

It was also in the news recently that, “We’ve got to get real economic relief into women’s hands now”, Biden reportedly said, later saying that **“women hold up half the sky.”** That famous quote from Mao Zedong was also frequently used by the Ceausescus, as us, Romanian “communist” children, grew up with the notion that both **“mothers and fathers were equal workers.”** Anyone with any knowledge of socialism or communism understands that “feminism” is meaningless in those “workers only” societies.

Yet, a US Sec. of State, Hillary Clinton, still went in front of the nation, and bringing up only Russia and Romania in that “disgraceful” presidential debate in 2016, falsely claimed that somehow the most horrific recent crime against masses of children, the widely publicized “Romanian Orphans” tragedy, was because of anti-feminism, patriarchy, misogyny, or “toxic masculinity.” It is hard to believe that Clinton did not know that the “Romanian Orphans” were due to the ruthless political aspirations of the scared dictator, **and his at least equally powerful wife**, for the ever so important **“popular vote.”**

A glance at the logbooks of prior US Secretaries’ of State past travels show another Sec. of State, George Shultz, having traveled to see the Ceausescus in December of 1985, *“Shultz ‘very fully laid out’ the mood in Congress and said that unless Romania changes its human rights policy, the lawmakers are likely to cancel Bucharest’s most-favored-nation trade status”*. Hillary Clinton shamelessly attempted to confuse, or hijack, a politically induced nationalist “demographic growth” with a feminist-only agenda.

As fate would have it, Sec. Shultz also seemingly brought a letter to the Ceausescus with ~200 names. Allegedly my mother, my sister and I were listed on that letter, and after years of systemic torture, the Romanian communists ordered us to immediately leave the country as non-Romanians. Both Hungary and W. Germany had rejected us by that time, as non-Hungarians, despite being native speakers, and non-Germans, despite the birth certificates of ancestors. The US, however, has legally accepted us on our celebrated May 12, 1986, in NYC, by handing us “green cards” upon landing at Kennedy Airport.

While desperately protecting my dear children from the Massachusetts state-sponsored “feminist” supervised visitation program, that vividly reminded me week after week of the ruthless, cruel torturing that “communist children” had to endure for purely political gains of the elite, I wrote (see online): *[“Mother of Supervised Visitation”] Ms. Brice is a more “sophisticated” activist. She publicly shamed my 11 year old boy for somehow, childishly preferring Sen. Sanders as opposed to Sec. Clinton during the election “That old white guy will never be elected... He is weak... It is time for a woman president... Girl power all the way”. And she leaned down to my very uncomfortable little son with a strong “Future is Female”. My little children didn’t dare to say more than a “but Clinton never talks about boys”*.

Spinning the disgraceful 2016 national debate was immediate, “*Nasty women are tough,*” Warren said. “**Nasty women are smart**, and nasty women vote.” Yet, on March 4, 2020, the NYT wrote: “*Senator Elizabeth Warren, who last summer rose to the top of polls in several presidential primary states, on Tuesday reached the nadir of her bid for the White House: a third-place finish in her home state.*”

I befriended a boy in elementary school in communist Romania. I vividly remember his name: Szabo Karcsi. While his family lost everything during the “revolution”, on the books his ancestors were still members of the “bourgeoisie”. For my little friend that was a deadly crime, the communists frequently implied that “**his little life did not matter**,” a routine excuse, see my email *Dear “Biden Press”: The “Elites” Are Ripping Our American Children Apart*. Also, his father was a doctor at the Medical School.

And the doctor secretly listened to Radio Free Europe nightly. Unfortunately, the “call sign” of that most successful American psychology “experiment” was so addictive, that little children would pick up the melody instantaneously. My friend did the same, and once he inadvertently whistled it in school. When the school officials interrogated him, he innocently told the “caring” adults, “*my dad’s radio plays it.*” His father, **without any violence and without any notice at all**, simply disappeared a few days later. Inspired by the Soviet Gulags, “*overall, one million Romanians had been imprisoned in various prisons and labor camps, including the Danube–Black Sea Canal,*” wrote NY University professor Tony Judt.

Any decent human being, understanding the clear boundaries between good and evil, will find Sen. Warren’s latest “sneaky little message,” see attached, deeply troubling. I have not been able to find any other senator so brazenly targeting, and manipulating our little innocent children with her all engrossing political ambitions and hatred for “whiteness / toxic masculinity.” Unless the Senator, a woman and a mother, can clearly state that, **when it comes to children, ALL LIVES MATTER**, she should resign.

Politicians, who have decided that one child’s life mattered more than another’s, ultimately created the attached purely “white” tragedy. Not even a former Harvard Law professor, and so sudden BLM activist, should be allowed to make those “sneaky little... well played!” stunts, while broadcasting to the nation.

But Sen. Warren’s aggressive, all-or-nothing activism, while seemingly “progressive” and “feminist”, is anything but. The “progressive” agenda of **stealing hapless children from their parents and forcefully brainwashing them** for the “greater good,” is in fact regressive, “*Janissaries began as elite corps made up through the devşirme system of tribute, by which young Christian boys, notably Albanians, Bosnians, Bulgarians, Croats, Greeks and Serbs, were taken from the Balkans, enslaved and converted to Islam, and incorporated into the Ottoman army*”, <https://en.wikipedia.org/wiki/Janissary>. The currently attempted US cultural genocide, also called “**cancel culture**,” cannot easily “whitewash” these 500+ years old “white” threats, as the latest bloody European war, the Yugoslav Wars, are all rooted in them.

Yet Sen. Warren silently stands behind the “**Dr. Deutsch, An American Dr. Mengele From Harvard**” brazen “elite” experiment for current “cultural genocide” of our hapless children. The “super star” GAL, while deliberately violating GAL rules and shamelessly lying to the Family Court, claimed “*According to Mr. Kifor, his father moved to the United States to take a teaching position at Harvard University in 1982. Mr. Kifor, his mother and sister remained in Romania at that time. Mr. Kifor immigrated to the United States in 1986 and his mother joined him when she retired from her practice in 2004.*”

As part of the leadership of the **American Psychological Association, etc.**, the truly monster doctor's ruthless intention was to bully and cram the cruel predatory "feminist" agenda through the Cambridge Family Court, and officially steal the children, by proving, as an elite "Harvard psychologist," that the children's parents were "inadequate," themselves being raised by "strict," i.e. primitive, and "uncaring" parents, specifically a *"Romanian mother, who valued her practice more than being with her children."*

As always, these sort of "activist" nasty manipulations and shameless, under-oath lies in Court, affect and damage the victims "intended" to protect the most. Dr. Deutsch's actions, **and Sen. Warren's tacit supportive collusion with the "feminist comrade,"** is hurting hard working, highly educated, and highly appreciated - by none other than the *Hersey Professor of the Theory and Practice of Medicine of Harvard Medical School* and *Chairman of Brigham And Women's Hospital* - women, my dear Mother.

The attached letter from Prof. Braunwald, MD, was dated November 22, 1994 as **my mother had been with us, her children, all along.** And as a true scientist, a prolific woman scientist, the count of her verifiable publications is 71, citations are 8,827, and highly influential citations are 301. Searching for "Dr. Robin Deutsch, Ph.D.," gives us 4 publications and 46 citations... but she is still the self-appointed megalomaniac *"Director, Center for Excellence of Children"*... exactly like Dr. Elena Ceausescu, Ph.D.

On the other side of this cruel, deeply anti-social "activist" spectrum, other women, and mothers, are being forever haunted by Dr. Deutsch's court-filed, **900+ meticulously documented deliberate lies and deceptions**, as part of my 100+ pages affidavit questioning the monster predator. In a ruthless attempt to cover up the long-running, deeply child-abusive, and documented "chain fraud" rooted in the predatory practices of the ~1,500 Dr. Deutsch and associates' GAL cases, the Cambridge Family Court simply denied the now \$165,000+ in arrears child supports/expenses from the silent, but provenly struggling mothers. The only judge that protected the child supports for the poor mother was the sole male judge.

Sen. Warren, please help the deeply victimized Mass. mothers and children, and if your "activism," or partisan hatred for "white toxic masculinity" doesn't allow that, **then please resign as our US Senator.**

Respectfully,  
/s/ Imre Kifor<sup>1</sup>, Pro Se

# The blocks behind Elizabeth Warren during her DNC speech held a secret message for sharp-eyed viewers

August 19, 2020

Massachusetts Sen. Elizabeth Warren spoke at the virtual Democratic National Convention on Wednesday night from the Springfield Early Childhood Education Center, a pre-kindergarten and kindergarten facility, where she discussed childcare as an economic issue.

As might be expected in a classroom setting, Warren was *back-dropped* by an American flag, children's art, cubbies, and blocks — blocks that *happened* to spell out a sneaky little message for sharp-eyed viewers:

Well played. —Jeva Lange

**AI Software To Protect Tortured and Forcefully Separated American Children**

Abigail Johnson, President and CEO  
Fidelity Investments  
245 Summer Street  
Boston, MA 02210

J.J. Allaire, Founder and CEO  
RStudio  
250 Northern Ave  
Boston, MA 02210

Dear Respected Abigail Johnson, President and CEO,  
Dear Respected JJ Allaire, Founder and CEO,

Please allow my websites mentioned above to introduce me, or more precisely, my story. In this open letter to you, I would like to focus instead on the significant effects your technologically innovative organizations had on me, and on undoubtedly countless software engineer colleagues just like me.

During the early '90s, I was consulting as a contract engineer at Fidelity's FMR division in downtown Boston. I spent years working in a technologically state-of-the-art environment, sometimes directly assisting fund managers and other times answering to traders. It was an inspiring, exciting, and driven place. It was also quite demanding with high-level management's seemingly keen and caring eye on us.

I was involved in designing and implementing a so-called "Reporting Tool." After curiously observing the necessarily complicated workflows, I proposed the idea to my managers. Once a "go ahead" had been secured, they seemingly regularly briefed "Abby" about the progress. As a contractor, I was involved only with the technical details and the actual coding. I never had any contact with the visionary then leader of FMR. Upon the project's completion, it was rolled out to many other departments as well.

The still significantly relevant aspect of the "Reporting Tool" project is that most (80+%) of our managers were women, all capable and skilled professionals. Fidelity's admirable success is mainly due to its leader's technologically visionary thinking, organically combined with their then still unique yet effective, value-based execution: women managers "conducting" carefully selected tech contractors.

After I left Fidelity, and as the "internet boom" was starting, I became involved with a fundamentally different, challenging contract. Motivated by limitless possibilities, the suddenly emerging opportunities guided us toward ever-demanding technical work, difficult to solve problems, and a rewarding ending.

My switch to “us” above is critical. Understanding the “secret” in Fidelity’s formula for excellence, I accepted the offer for managerial help from a former Fidelity employee and my future wife. Without her painfully demanding, crucial, yet never technical nor strategic, day-to-day support, I wouldn’t have been able to write the distributed server software that ultimately attracted the Allaire brothers’ interest.

Understanding the delicate, technically-driven balances behind the almost limitless possibilities better than us, the Allaire brothers had already achieved their significant milestone: Allaire, Inc. went public. As dedicated true-technologists, they nevertheless valued our offering, and they bought the two of us.

Returning to my objective, **I would like to thank you for leading such “value-based” Massachusetts organizations.** In my current situation, as it is impossible to prove innocence, remembering the truth of my Fidelity and Allaire days, is what keeps my sanity, focus, and drive to protect my children alive.

Growing up in communism, where women and men were treated unconditionally equal, as “workers,” I have always respected, valued, and fearlessly followed women. I have never felt the need to even think about bullying, controlling, or forcing women in any way. And without the special, true professional guiding women in my life, I could not have written this letter nor any of my software, valued by others.

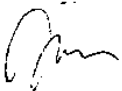

I have always viewed women and men as complementary to each other. Another Massachusetts institution, the Family Court’s thus proven craving to see mothers and fathers as adversaries, outright competitors, and even stubborn enemies, despite their shared children, can then seem foreign to one.

Considering the value proposition behind the lawyers’ shamelessly profitable business, it becomes obvious why provoking a father first, by bullying the mother to demand his incarceration, is so effective. Just moments later, for the sake of “justice,” the father is invited to confront the mother before the judge.

My objectives have never been about “winning” against a woman nor taking her money. Just recently, the still millionaire mother silently watched as I was ordered handcuffed for not having \$255. The same afternoon, and as a Pro Se party at our trial, I still refused to confront the mother of my children. Despite the blatant bullying of the “elite” lawyers standing right next to her, **she has never been my adversary.**

Perhaps there will come a time when the “value proposition” of our Family Courts will be more aligned with our leading and most innovative businesses, like yours. I am working hard on the software to help.

Respectfully,

Imre Kifor, Pro Se

# Allaire Acquires Valto Systems For About \$33.9 Million in Stock

Dow Jones Newswires

Jan. 4, 2000 11:02 am ET

CAMBRIDGE, Mass. -- Software maker Allaire Corp., expanding its position in the electronic-business platform market, Tuesday announced it acquired Valto Systems, an enterprise JavaBeans server company, in a deal valued at about \$33.9 million.

Allaire, which plans to account for the acquisition as a pooling of interest, said it bought Valto ([www.valto.com](http://www.valto.com)), of Burlington, Mass., for 225,000 shares. The amount of the deal is based on Allaire's Monday closing of \$150.875 on the Nasdaq Stock Market.

Under the agreement, Valto's employees will join Allaire and Valto will move its operations to Allaire's headquarters in Cambridge. The company said Valto's founder and chief technology officer, Imre Kifor, will move into Allaire's engineering management team to lead the development of EJB technologies.

Allaire plans to continue selling Valto's product, Ejipt 1.2, and to release a public beta of the next-generation of Ejipt this month.

The Valto acquisition follows Allaire's acquisition of Live Software in June 1999. As a result of the Live Software acquisition, Allaire said it already has a large base of Java customers, with an estimated 80,000 developers using the Allaire JRun JSP server.

Allaire said the EJB server technology will be leveraged throughout its e-business platform. It said the new Java technologies will complement, support and integrate with Allaire's entire product offering, including the JRun JSP server, the ColdFusion Web-application server, and the Allaire Spectra packaged system.
