## Software Engineer

Interested in algorithmically seeking out contradictions and inconsistencies in deceitful text, specifically in “bipolar” legal text. With roots in compilers, graph layouts & database query synthesis, and through high-performance server code, the last 5+ years of my NLP development focus and intensive structural modeling of “case text” lead to an accumulated expertise in the convergence of algorithms & the law.

## Technical Skills

- Deep Learning, NLP (natural language processing), semantic searches, graph algorithms, compilers
- Priority skills: Python, Pytorch, Typescript, React, Julia, GPU kernels/CUDA, Rust, PostgreSQL, GraphQL
- Dormant skills: C/C++, Java, Golang, Javascript, Lisp, Haskell, sys admin (manage my own servers)
- Legal skills (with a systems/analytics/engineering perspective): Mass. and federal/constitutional code

## A Software Engineer<sup>1</sup> And The Law

- I am 60
- I have no phone
- I have no valid driver's license
- I no longer have a stable physical address
- I have been completely isolated and under implied "house arrest" for years now
- The courts have allowed my "forced indigency" (i.e. no assets, no savings, no car, etc.) for costs
- As per a 1/12/2022 court order, I must apply to 10 full-time jobs per week with Mass. employers

## A Fabricated Family Tragedy<sup>2</sup>

- I am an involuntarily divorced father, and I have attempted to rebuild a new family after the divorce
- I have known about the "win-win" strategy directly from the "Father" of our "progressive" divorce laws
- The recipe is simple, provoke "evil" fathers to resist any inherently child-abusive treatment, and the reinterpreted "attacks" on protected "victim" mothers become justified causes for swift punishments

## A Defendant's Layman Efforts<sup>3</sup>

- I have been falsely arrested, with the "domestic violence victim" immediately pleading the fifth
- The police has been called on me for "beating my children," yet the 3 officers did not make an arrest
- I was labelled with "possible personality disorders," with 3 Harvard psychiatry professors disagreeing
- The courts allowed **false** rape, child abuse, "toxic masculinity," etc. claims against me, while denying my due process rights. I was then prohibited from contacting my children, only to be forcibly silenced
- I have invested my last savings and retirement (about \$1M) into my third software startup Quantapix

## "Conspiracy To Silence And To Enslave"<sup>4</sup>

- I have been complaining in court about allowed child-predatory fraud, defamation & discriminations
- My in-arrears child support obligations have now reached **\$250K+** through 20+ hearings since 2018
- I am finally in a position to petition the Mass. SJC for a review of the interconnected cases

## Roots And National Origin

- I grew up in Romania, a cruel communist tyranny, as a hated minority
- As a university student, I was targeted and beaten by the secret police ("Securitate")
- I was accepted as a grateful immigrant in New York City in 1986, on a political asylum basis
- I have been a proud US citizen with no political "identities" nor entitlements of any kind since 1994
